CALCEOLARIA HYBRIDA

Vaughan's Extra Choice Mixture. Our Mixture is composed of the choicest selection of the tigered, marbled spotted and variegated varieties.

Trade pkt. (1,000 seeds), 50c; 3 trade packets, $1.40.

Calceolaria Cotswold Hybrid

This cross is a race bearing flowers considerably larger than those of the C. Clibrani, but of rounded rather than elongated shape, and with a color range running through a series of delightful shades from creamy-white, clear lemon-yellow and pure gold, to light and deep bronze and brown, while in many cases the elegant flowers are beautifully and lightly spotted with rich colors, as in the herbaceous varieties. In habit the new hybrid is similar to C. Clibrani, and the plants are about 2½ feet high. Continuity of flowering is a great point in favor of the hybrid, and if fading flowers are regularly removed, the flowering period may be extended quite easily from April to September. **Pkt. $1.00.**

CINERARIA—Vaughan's Columbian Mixture

SCHIZANTHUS SELECTED HYBRIDS.

VAUGHAN'S GIANT PANSIES

VAUGHAN'S INTERNATIONAL PANSIES

Vaughan's International Pansy Mixture was first offered by us in 1889. We import from all the best European sources. Each year has added to the quality of its flowers and variety of its colors. We buy every year novelties of known merit to improve the mixture; it is always complete, always the latest and always the best mixture. We add to all Pansy Mixtures which we now buy more than 50 per cent of the choicest named kinds obtainable, each in correct proportion. This is one of the **Specialties** that has established the reputation of Vaughan's Flower Seeds, and one which we maintain most carefully.

Trade pkt., **50c**; ⅛ oz., **$1.50**; ½oz., **5.00**; oz., **$10.00.**

Vaughan's Giant Pansy Mixture

Embraces, besides all the seperate shades and colors, five special strains not listed elsewhere, and which can only be had in this and our International Mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau and the splendid, Cassier strain.

Trade pkt., **50c**; ⅛ oz., **75c**; oz. **$5.00**; ¼ lb., **$18.00.**

Vaughan's Cut Flower Mixture

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut-flower growers, who have realized big returns from the sale of flowers. Pansies are as easily grown as violets, require less care and bring better results.

Trade pkt., **25c**; ⅛ oz., **60c**; oz., **$1.00.**

New Early-Flowering Giant Pansies

The new strain produces its giant flowers about four weeks earlier than other known types. In March, when the old type pansies hardly show any buds the plants of the new strain bore from 3 to 5 of their giant flowers.

Early Flowering Giant White, Yellow, Light Blue, Dark Blue and Mixed (Four Colors). Trade pkt., (500 seeds) **35c**; ⅛ oz., **70c**; oz. **$5.00.**

Chicago Parks Bedding Mixture

This is a mixture made by ourselves from 20 different and distinct varietes of this type. While the flowers of this strain do not grow as large as those of the Giant Pansies they excel them by a much greater number of flowers to a plant.

Trade Pkt., **25c**; ¼ oz., **60c**; oz., **$2.00.**

Vaughan's P. P. (Popular Price) Mixture of Pansies

This mixture, like all "Vaughan" mixtures, is made up by ourselves from separate colors and strains of the Giant and Chicago Parks Bedding types and will furnish a large variety of colors with a good proportion of giant flowers.

Trade pkt., **25c**; ⅛ oz., **50c**; oz., **$3.00.**

SEEDS OF BIENNIALS AND HARDY PERENNIALS

Many of the biennials and perennials are now as important to florists as Asters, Sweet Peas, Verbenas, etc., are among the annuals. Some can be forced, such as Delphinium, Canterbury Bells, etc., while many others sell as readily as Geraniums if grown in pots, not to speak of the cut-flower sorts, such as Coreopsis Gypsophila, Chrysanthemum, Shasta Daisy, Physostegia, etc. They are really needed in every florist's establishment that caters to the better-class of trade. The demand for them is increasing.

BAY TREES

Nothing can approach these handsome trees for decorating porches, piazzas, or hall entrances and they are largely used for stately effects in formal gardens. Their use is no longer a luxury but a necessity. Private residences as well as hotels, restaurants, parks, etc., want them and we urge upon every florist the need of securing a stock early for display. They will find a ready sale in the smaller towns.

BULBS for Mid-Summer and EARLY FALL

FREESIA—IMPROVED PURITY

All except otherwise noted ready. Now or sooner,

FREESIAS—California

Ready from end of June on

This is one of the most profitable and useful bulbs a florist can grow. Equally good for forcing or for pot plants and can be had in flower from Christmas on, if properly grown. We always believe in selling this stock by samples and are ready to submit same for comparison as soon as bulbs arrive.

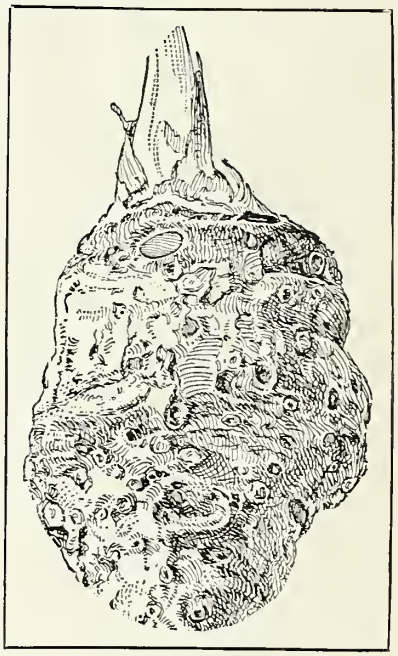
WHITE CALLAS

(Aethiopica)

These are due in August



These can be grown at less expense during the winter months, requiring less heat than other lilies.

We take great pains in securing every year bulbs which are well ripened and cured, purchasing our stock from growers in California who thoroughly understand the raising, curing and shipping of these bulbs. We have arranged again this year for a good supply of these bulbs, but would advise early ordering by our customers in order to be sure of their supply.
